GREEN SERIES
SINGLE-PHASE
INDUSTRIAL BATTERY CHARGER
GREEN2

The **GREEN2** is a high-frequency, fully automatic 110 VAC charger for use with lead-acid or lithium batteries. The charger is multi-current configurable via front display and delivers over 90% high-energy efficiency. The **GREEN2** is enclosed in a durable steel case and is wall-mountable.

2 YEAR INDUSTRIAL APPLICATION WARRANTY

FEATURES & BENEFITS:

- DC output from 17- to 70-amps
- Charge cycle begins as low as 2-volts
- Soft start charging cycle
- Available in 24-96 volts
- Suitable for flooded, AGM, gel traction, or lithium batteries
- Multi-current configurable via front display or USB A/B port
- USB port allows programming and download of last 300 charge cycles
- 8-foot AC cable / 10-foot DC cable
- Reverse polarity protection
- Wall-mountable
